➤ AMAZING!!!!!!!

➤ I think it's great.

➤ Very pleased with this decision

➤ Fine

➤ This is great! Finally!

➤ I feel comfortable knowing how diligent staff was throughout the Pandemic.

➤ I am totally okay with this since I am vaccinated

➤ Confident

Please comment on the updated MASK PROTOCOL found in the plan: "Masks will be optional beginning June 15th of 2021." How do you feel about this decision? (cont.)

- I would still like my children to wear their mask until they are vaccinated
- Good, kids shouldn't have had to wear then they are low risk.
- Great.
- I feel it's a good decision
- I don't mind this change, they weren't being worn properly anyways.
- I think it should be fine. I am vaccinated, should I have any issues with no masking, as a teacher, I'd wear a mask and/or distance.
- I support the decision.

Please comment on the updated MASK PROTOCOL found in the plan: "Masks will be optional beginning June 15th of 2021." How do you feel about this decision? (cont.)

- Great!
- I feel this is aligned with where we are in reopening our state
- Excellent choice!
- It is a good decision as kids were making the decision on their own because of family beliefs
- They should be optional
- That's great!
- Good. Nice to know there is the option.

Please comment on the updated MASK PROTOCOL found in the plan: "Masks will be optional beginning June 15th of 2021." How do you feel about this decision? (cont.)

➤ Good, I support this decision.

➤ Love it!!

➤ I think this is a great idea. I also think it is a bit overdue.

➤ I am very much not in favor of this decision because of the high population of youth who are ineligible to receive a vaccine at this time. The danger for that group has not passed. I also would like my children to wear masks and don't want them to suffer from peer pressure to fit in or ridicule for wearing masks. If my children are the only children wearing masks, they could feel very uncomfortable.

➤ Perfect

➤ Great!! This should have always been an optional decision.

Please comment on the updated DISTANCE LEARNING PROTOCOL found in the plan:

"Distance learning will occur only for any child that is quarantined or in isolation." How do you feel about this decision?

- Agree
- Great!
- Fine
- Good
- I'm ok with this
- Sounds good!
- I think it is time we move on
- Good idea
- Any kid that is too sick to go to school should stay home.
- Yes!!!! So great! Wonderful

Please comment on the updated DISTANCE LEARNING PROTOCOL found in the plan:

"Distance learning will occur only for any child that is quarantined or in isolation." How do you feel about this decision? (cont.)

- I think it's perfect to allow the children that need to quarantine or be in isolation use the distance learning option, but it will be nice for the children and teachers to get back to more normal classrooms.
- Pleased with this decision!
- This is a great decision!
- I think it's awesome that kids stuck at home for a period of time will have the option/ability to "attend" classes, and not fall behind.
- Ok
- This is not applicable to me so I have no opinion
- Elated
- That's fine
- In the classroom is where I want my children.

Please comment on the updated DISTANCE LEARNING PROTOCOL found in the plan: "Distance learning will occur only for any child that is quarantined or in isolation." How do you feel about this decision? (cont.)

- Great. Don't let families choose distance learning without a legitimate reason.
- I feel it's a good decision
- That is fine, as long as the rest of class is informed that a positive occurred, in case a family would want to isolate as a precaution.
- The distance learning is fine if student medically needs to quarantine/ isolate for safety of others/ self. Otherwise, students should be required to attend in-person learning at school.
- I support the decision and appreciate MPS's willingness to offer distance learning.
- Great!
- I agree
- Fantastic!

"Distance learning will occur only for any child that is quarantined or in isolation." How do you feel about this decision? (cont.)

- Learning is essential so the distance learning will put them in class-hopefully we will not run into families choosing to quarantine to stay home.
- Yes
- Perfect!
- Good. It places a burden on the families if the school shuts down. Would be great if allowed to keep siblings home if one is quarantined.
- I am neutral. Our family does not have health concerns (children or at risk members at home) that make the option of remote instruction necessary for our children. I think this question should be weighted by those individuals who were and still are impacted by those factors.
- Good

"Distance learning will occur only for any child that is quarantined or in isolation." How do you feel about this decision? (cont.)

- I think it is something we really need. This will get the kids that should be back in the building in the building.
- Great idea. Too much abuse of distance learning last year.
- I am okay with this.
- Perfect
- Fine
- Sounds good

Please add any other comments specific to the updated plan if you wish (optional):

- Glad masks are optional. Didn't want to have to keep kids home from school because of being forced to wear a mask.
- Finally getting back to normal
- Looks good. Thank you all for all you do.
- I think Manvel handled last year great and am glad my child attended.
- In person learning for all students, back to school must be our goal as a school entity. Students need to be physically present unless their personal health is a medical problem. Staying at home distance learning, just to stay at home, should not be an acceptable option.
- Looks great to me!

Please add any other comments specific to the updated plan if you wish (optional): (cont.)

- Appreciate the option to teach from home if the need arises
- Time to get back to normal for all of these kids. We owe them that at the very least.
- Keeping the options open and up to the parents and child is fantastic. Allowing the siblings to do distance learning while one is in quarantine makes sense so they don't spread whatever they may have would be great as well. Looks like this is for Summer. Will this carry into the fall or will this be more fluid in case of another outbreak?
- Thank you for your continued efforts in keeping us informed and the plan updated
- I'm looking forward to seeing everyone without a mask and getting back to "normal".
- It will be great to get back to normal
- Hopefully masks will soon not be required. You guys are doing a great job making these tough decisions!
